

# Economics (ECNS)

---

## Courses

### **ECNS 201 Principles of Microeconomics**

Credits: 3

Term: (F, Su based on sufficient demand)

Core Class: Social Sciences

This course examines the subsystems of the economy such as the economics of the individual, the firm, and the industry. Study includes analysis of the pricing mechanism of the economy and the theories of income distribution.

### **ECNS 202 Principles of Macroeconomics**

Credits: 3

Term: (S)

Core Class: Social Sciences

This course presents the principles underlying the operation of a macroeconomic system through the study of the national and world economies as a whole. Topics explored include gross domestic product, full employment, economic growth, surplus and deficits, income distribution, balance of trade, protectionism, government policies, and international trade.
