

Education (EDU)

Courses

EDU 200 Introduction to Education

Credits: 3

Term: (F)

This class explores the profession of teaching by connecting theory to real-life experiences in the field. Students will cover the development of students, diversity, learning strategies, motivation, classroom management, assessment of learning, and construction of a professional portfolio through seminar discussions, in school observations, interviews, and personal reflection.

EDU 211 Multicultural Education

Credits: 3

Term: (S)

This course helps current and future teachers reflect on their own heritage and how it relates to people of other economic, social cultural/sociocultural, ethnic, gender, religious, and sexual orientation groupings. An emphasis is placed on democratic community-building in a multicultural society.

EDU 221 Educational Psychology and Measurement

Credits: 3

Term: (F)

This course explores the physical, psychological, and cognitive development in students of all ages within the contexts of education, family, and society. Emphasis is given to applying brain-based research, stages of learning, and psychological factors influencing the learning process to classroom management and educational evaluation.

EDU 270 Instructional Technology (=370)

Credits: 3

Term: (F)

Prospective teachers are introduced to the uses of technology to enhance the education experience. Students will learn to use media software common in educational settings for a variety of instruction purposes.
